

## Bridalstyling

On this special day I stand by you and your loved ones with professionalism and attention to detail for make-up and hairstyling.

With passion, creativity and patience I develop THE look for YOUR big day with you. My main focus is on type-oriented make-up, which emphasizes on your features and organic and modern hairstyles.

It gives me great pleasure to create a coherent and type-oriented look based on your wishes and ideas. I work exclusively with high-quality cosmetics, products and equipment.

I am mobile - that means I come to your home, hotel or event location and have everything with me for your styling. You don't have to worry about anything. You can look forward to this wonderful day without stress.

I am also happy to offer this service to your bridesmaids, friends and family.

As a bridal stylist, the satisfaction of my clients is my top priority. That's why I'm always happy when brides-to-be book a preliminary trial appointment. Here we take time to discuss your wishes, I like to look at your dress and hair accessories. Step by step your look is created. I explain each step, we choose colors and textures together and I advise you professionally.

Starting in 2021, my clients will receive at their trial appointment a free „bridal guide“ designed by me. In this small guidebook I have summarized all the tips & tricks that have proven helpful over the years.

## FAQs

### When should I send my request for a bridal styling?

It's best to contact me as soon as your wedding date is set. Ideally, you should use my request form and provide as much information as possible.

If you don't want to use the inquiry form, I will need the date, the location and if you want a trial appointment.

### Do I get a quote to keep an eye on the costs?

My prices are transparent on my homepage. Based on your request, I will provide you with an offer in which I break down all services (styling, travel costs, guest styling, etc.).

### When is my bridal styling firmly booked?

Your bridal styling is booked as soon as you have signed the booking confirmation (based on the quote sent in advance) and sent it back to me by mail.

## What are the travel expenses?

I will gladly come to your desired location on the day of the wedding. For this I charge 0,50 € / km from my address. If the location is more than 150 km away and the styling is to take place early in the morning, I reserve the right, after consultation with you, to book an overnight accommodation, that will be added to the route.

## Where does the trial appointment take place?

Unless otherwise agreed, the appointment will take place at my place. As a rule, a trial styling takes three hours. You can also bring a companion to the trial styling.

## How does a trial appointment work and do I need to prepare?

Please come with freshly washed hair and ideally without make-up. You are welcome to bring photos of your desired hairstyle and make-up. Based on your wishes, I style you once completely until we have found your look for your big day. At the same time I write down all the products I use and take photos of your final look.

## How does the styling work on the wedding day? What do I need to prepare?

Please provide me with a table and a 3 power-plug. Ideally with daylight and/or well lit. For the bridal styling including set up and wrapping I calculate about three hours. But we discuss all the details at the trial styling.

## Payment

All services and costs incurred are paid in cash on the day of the service rendered. This applies to the trial appointment and the styling on the wedding day.

## Guest styling

I will of course love to style your maid of honor, sister or mother. I usually start with the guests so the bride can get into her dress with fresh makeup and perfectly-fitting hair. I can usually manage at least three guest stylings (hair and makeup) without any problems. Depending on the number of guest stylings and time planning, it is sometimes advisable to book a colleague through me.

## How does the booking process work?

Here I have again in key points my booking process broken down.

1. your request to me -> I will send you a written offer at capacity
2. you accept the offer (with the acceptance the date is reserved for you) -> I will send you the booking confirmation
3. you send the signed booking confirmation back-> now the contract is closed and the date is booked for you. At this point on all conditions of the order confirmation like cancellations and right of revocation come into force.
4. we arrange a trial date
5. at the trial date we discuss all details about the wedding day (payment fee trial date)
6. YOUR WEDDING DAY <3 (payment of remaining fee, e.g. bridal styling, guest styling, travel expenses).
